FROM: Paul Andrew Mitchell  
Co-Defendant

Greetings Mr. Donohue,

Is there any way you could amend the DETENTION ORDER to authorize my release on my own recognizance in MJ14-030?

I am presently in shock and on death's doorstep down here at FDC/Seatac, after I was rushed into solitary confinement.

Counselor Holloway falsely accused me of fraud, but I am not charged with fraud.

In our "SHU", inmate Clarence screams very loudly hours on end when he is not banging on stainless steel shower stalls.

I am prevented from contacting the outside world in any manner, and I am locked in a "Special Housing Unit."

I have no family, no money, and everything has deteriorated to vicious circles that go nowhere. Death is one option.

If I am to write and serve any pleadings in No. 14-CR-27-F, I need to be back in my apartment, but I may have difficulty writing well after suffering so much shock, and a totally destitute reality.

The Public Defender you appointed failed one simple test. Tolson v. Zerk & I may also desperately require medical intervention & observations to restore normal sleeping patterns.

Also, I do not even know if my apartment's contents are even safe. I have never been so close to death in my entire life, and I do not exaggerate. I desperately need rehab.

I agree to make all appearances in Seattle, assuming I can restore some normality which was lost by the sudden arrest and equally sudden incarceration, then fall to rock bottom.

Please help me!
